A NEW SPACE TO SERVE TEACHERS

Imagine a Place Built for the People Who Build Our Kid's Futures

Invest in the Space for What's Next

Today, Free 2 Teach stands at a defining moment. We cannot grow where we are, and with rapidly increasing rent, a growing team of volunteers, increased community supply donations, and, most importantly, thousands of teacher shoppers gathering the supplies they need to teach with excellence, we need a permanent home that will serve as our next headquarters for impact.

Our Capital Campaign, **Room to Serve, Space to Grow: a home for Free 2 Teach**, represents a powerful opportunity to bring the wider region together to invest in our growing mission: equipping children by empowering their teachers to educate with excellence. As Alabama's only year-round teacher supply store, Free 2 Teach has provided over \$17 million in supplies to classrooms, most of it gently used or sourced through partnerships.

Please join us as we invest together in our new space to Grow and Serve.
